LAURIE JOHNSON

THE MUSIC OF LAURIE JOHNSON VOL. 3: THE NEW AVENGERS

- Laurie Johnson is responsible for some of the **best-loved TV themes** ever: "The Professionals", "The Avengers", "Top Secret", "Echo Four Two", "Animal Magic" and "This Is Your Life", to name but a few. But in his long career he has also written many **film scores**, classical works and suites for military bands.
- Following on from the **great success of Edsel's "The Avengers" and "The Professionals" 3 CD sets**, this is the third volume in a series collecting together Laurie's extraordinarily varied output. As with Volumes 1 and 2, this set is **compiled, fully annotated and mastered by Laurie Johnson himself, and packaged with photos and memorabilia from his own extensive collection.**
- Disc 1 contains the **entire music scores from three episodes of "The New Avengers"**, along with other incidental pieces (including some dialogue) which (aside from the theme tune) make their debut on CD. BBC4 is currently showing all 26 episodes, which will continue until June 2009.
- Disc 2 features Laurie's two **West End stage shows**: the original cast recording of "Lock Up Your Daughters", with lyrics by Lionel Bart ("Oliver"), and "The Four Musketeers" with lyrics by Herbert Kretzmer ("Les Miserables"). Disc 3 features more of Laurie's **TV and film themes**, including those written for Gainsborough Pictures' Barbara Cartland films, two pieces written for the RAF, and performances by his famed London Big Band.
